

**Rutherford-Polk-McDowell District Health Department
Application for New Pushcart or Mobile Food Unit**

Rule 15A NCAC 18A .2670 (d) states that pushcarts or mobile food units shall operate in conjunction with a permitted restaurant or commissary and shall report at least daily to the restaurant or commissary for supplies, cleaning and servicing. Facilities, in compliance with this section, shall be provided space at the restaurant or commissary for storage of all supplies. Individuals receiving a permit to operate a pushcart or mobile food unit shall provide to the local health department in each county in which food service operations are proposed a list of locations where they will operate. Such lists must be kept current. The unit must be permitted by the health department in the county where the restaurant or commissary is permitted.
